

President's Corner August 2022

HOT! HOT! HOT! Does anyone else feel like it has been extra hot this summer? We have members in the mountains of New Mexico and Colorado enjoying cool or even chilly weather with this stuff they call rain. Now sure what that is, but it sounds enjoyable. We look forward to having everybody back this Fall.

July has been a slower month for visits of other clubs. We had a group go to the Round-Up Kick Off Dance and I'm sure others have visited places on their own. We heard that it was fun at Elk City. Somebody told me they had 20,000 steps in one day and they did not even have a golf club in hand. Speaking of golf, you'll may not know what a golfer I am. I once drove the green from the tee box on a par 5. The only problem was that it was the wrong green. I think it was called a slice. I almost hit someone. Therefore, if you ever play with me the safest spot is directly behind.

We are trying to get our 50th Anniversary Dance arranged. It has been a challenge finding a location we can afford and that is available. Hopefully, by next month, it will be set!

Our big thing is LESSONS! Students are needed ever so much! Kick off will be Thursday, August 18th the time is 6:45-8:45. We are hoping to have enough students to have lessons. Please do what you can to encourage people to come and learn to square dance. I think if we can get people to see what a fun time we have, they would come in droves!! The problem is getting them in the door.

We look forward to seeing all our friends at the next dance. See ya'll there.
